

Protect Your Property

If you are starting your third level education and moving away from home, there are simple steps you can take to protect your valuables and property.

Only bring high value items to your new accommodation if necessary.

Mark all your valuables with a Secured By Design (SBD) approved property marking solution and UV pen.

Lock all windows and doors.

Secure your bicycle, when not in use, by double locking with at least one D lock. At a minimum, ensure your bicycle is locked through the frame and wheel. Whatever the type of lock, look for the SBD logo or 'Gold Secure'.

Use timer-switches for lights when your property is vacant.

Report all suspicious activity to police on 101 or 999 in an emergency.

**Report online. Call 101.
In an emergency call 999**
